

WELCOME TO EMPYREUM

Tommy, a narcissistic influencer; Miriam, a desperate mother; Elisabeth, a lucky girl, and Apolo, a depressed musician, arrive at the Empyreum Hotel, an enchanted place that takes away what they love most. To get it back, they must work, carrying out different tasks, floor after floor until they reach Beatriz's office, the hotel manager.

Players must organize and clean numerous floors of the hotel with mechanics involving everyday chores (vacuuming or making the bed), and crazy task like taking care of alien babies and chasing ghost away!
